THE THIRD GENERATION

Great news!! Thanks to our **Lucke Family Website**, we have been re-connected with a "branch" that we had lost contact with: #13 Jack's family. Jack and his wife Anne had 5 children: Jackie, Bob, Gerry, Jimmy and John. Although we had heard of Jackie's death in 2015, we had not been in touch with any of the others. Fortunately John's daughter, Allison, knowing that she belongs to a large family, decided to "surf" the internet. And she found our Website! Now we are in the process of "catching up" with John and his part of the family. We plan to collect their pictures and stories and complete our history of the Third Generation later this year. We hope to meet some of John's family at the Picnic in July!

THE FOURTH GENERATION

In 2014 we started sharing stories of the great-grandchildren of Caspar and Mary Elizabeth Lucke (the 1st Generation). We have read about #2 Frank and #3 Leo (#1 Mary and #4 Beatrice had no grandchildren); now we are moving on to #5 Elsie. Elsie and Joe Bond had 3 children (3rd Generation): Virginia, Joe Jr and Francis Kenneth (always called Ken). In this issue we will read about Ken's children (4th Generation).

I am still working for a Food Broker after 30 years in the grocery business. Paulette and Tom are in the mortgage industry and their daughter Paige is very active with Brownies and dance. Bobby (James) works for an accounting firm and Kathleen owns an esthetician business. Grace loves cheerleading, surfing, Girl Scouts and gymnastics. Matthew lives and breathes Lego's.

Living on the west coast limited visits with Nana Elsie. I was fortunate to visit Nana before she passed. But I do have memories of a great summer vacation in 1957 at Gilgo Beach on Long Island. The family picture on page 2 shows the best time with cousins.

Update on Dad (Ken Bond)

Dad is 88 and still going strong. He has lived in Hemet, CA for over 25 years. Dad and Mom were very active with the community events and of course, Dad played golf Monday thru Friday. The entire family visited them in Hemet for holidays and birthdays and in the afternoons, all the kids would get Dad's golf clubs and go out on the course to hit balls. Over the years, this created the "Bond Family Golf Tournament" on Fathers' Day. This also created a trophy. You can imagine the bragging rights.

I recently retired after working 36 years for a utility company. I am planning to work part time and I enjoy golfing in my spare time.

My wife Chris is an administrative assistant for a local city. She enjoys crafting and goes to craft expos, makes cards and enjoys stamping.

My oldest son, Justin, is a web developer. He graduated from Cal Poly Pomona with a Bachelor's degree in Computer Information Systems. Justin enjoys participating in Spartan Races, which include obstacle courses, and he also enjoys golfing. He is engaged to his fiancé, Allyssa, and they are planning to be wed in 2017.

My youngest son, Tyler, is attending Cal Poly Pomona where he is studying business. He currently works for an entertainment company and enjoys riding his motorcycle in his spare time. He also has an annual pass to Disneyland and enjoys going there with his girlfriend.
